Hello classroom 1400 A, from Ms. Edna and Ms. Rebecca. It is getting closer to the first day of summer and the weather is starting to show it. Hope you all are enjoying the weather and getting outside. It has been a really rough 3 months with learning at home instead of the classroom. Ms. Edna and I hope you are doing well and enjoy the activities on here and Classdojo. Ms. Edna and I wish our little ones that are heading to kindergarten lots of luck and we will miss you. To our other little ones we hope to see you in August when we hopefully get back to classroom learning. We love and miss all your smiling faces.

- **Gross Motor Activity:**
  If you can take a walk to the beach or just around the neighborhood you live in. Also if you have a yard you can play in enjoy tossing a ball around with each other or play a game of tag.

- **Art Activity**
  You can do is a [Paper Plate Beach Ball](#)

- **Math Activity:**
  Log into Happy Numbers there are a lot of fun activities to do. Also if you have different color goldfish snacks and paper you can make a goldfish graph. Make lines on the paper to make sections and on paper put the colors of the gold fish such as red yellow and green. And then on the sides write down numbers 1 to 10 and the count out the color of goldfish snacks and place them in the right color and number. And you can enjoy eating the activity.

- **Reading:** It’s always a good thing to take time out and limit screen time and read to your child. If they have a favorite book you and your child can read it together. Here is a link to a read aloud book [To the Beach](#)
