Dear Families,

We hope you are all healthy and staying safe and continuing to follow social distancing practices!

Here are few ideas for this week as we continue learning from home!

Sing the following to the tune of “Mary Had a Little Lamb” using your child’s name and an animal (fruit/vegetable) that begins with the same letter of your child’s name. (Ellie) has an (elephant, elephant, elephant). (Ellie) has an (elephant), it follows (her) around.

Holes or No: write all the letters of the alphabet, can be done with only lower case, have child identify the letter and then make two categories, does the letter have a hole or not. (ex: d yes f no)

Bottle Cap Flowers: Use paint, paper, and any type of bottle caps you have around the house to make bottle cap flowers

Moon Sand: 2 cups Flour and ¼ cup of oil

Sink or Float let your child find 5-6 objects throughout the house and have them predict if the item will sink or float

Snack Math: Write the numbers 1-10 in separate boxes or columns and have your child count out the appropriate amount in each box can be done with (cereal, pasta, beans etc.)

Build a fort: grab blankets and pillow and help your child build a fort: this can be extended to a family movie night or a picnic dinner.

Remember, somedays you will do it all and somedays you will do nothing and it’s ok! We are all doing the best we can in these uncertain times to keep our families safe and healthy, and that is the most important thing! We miss you and hope to see you all soon.

Have a great week, Lesleh and Rosana
